Work Experience

Internships

- **Jio Platforms Limited** - DevOps Engineer Intern *June'26-Jul'26*
  - Contributing to DevOps workflows and cloud/infrastructure operations.
- **Atyeti Robotics Private Limited** - SDE (Frontend-Dev) Intern *Dec'25-Jan'26*
  - Developed responsive user interface (Next.js) and integrated with Django.
- Winter Internship **VESIT** - Build-a-thon 2025-26 *Dec'25-Jan'26*
  - Developed an AI enabled Smart Question Paper Digitization System
- **Reliance Industries Limited** - SDE (Python-Backend) Intern *May'25-July'25*
  - Migrated Flask backend to FastAPI for MME Quote Price Upload Service.
- Winter Internship **VESIT** 2024- **ERP system** using Python-Django *Dec'24-Jan'25*
  - Developed a web-based Exam Management System (scheduling, registration, and result).

Projects /Hackathons

- **SafeLabs** - GDG TechSprint VESIT (Winner) (2026) | Hackquinox 2.0 (Winner)
  - Designed an end-to-end AI + IoT laboratory safety platform integrating ESP32, environmental sensors, Google Cloud Run, Vertex AI (Gemini), cloud analytics, and a Flutter frontend.
  - Automated laboratory energy controls and delivered explainable AI (XAI)-based risk insights for real time proactive safety monitoring.
- **Quantum Playground** - GOLC International Award [Winner]
  - Developed full stack interactive quantum simulation platform offering 14 guided experiments using Qiskit Aer and Streamlit, secured by OTP-based authentication.
- Syrus Hackathon VESIT [Winner-Best Sustainability Award]
  - **Re-mine-AI**: A multimodal AI and blockchain platform for e-waste valuation and recycler matching.
- **Q-volution International Hackathon**[Top 5 - Honorable Mention]
  - Built a quantum ML-based option pricing system using quantum reservoir computing to improve volatility prediction and pricing accuracy.
- **RFP Copilot**
  - Engineered an Agentic AI copilot using LangChain for RFP automated qualification.

Research Experience

- **Deep Learning for Environmental Sustainability**: Evaluating Residual Architectures for Microplastic Detection, Classification and Segmentation *2026*
  - Presented at ICT4SD International Conference 2026, Goa.
  - Accepted for publication in Springer Nature LNNS (ICT Analysis and Applications-Volume 6)

Education

- **B. Tech in Computer Engineering** - **VESIT, Mumbai** - Aggregate CGPI: **9.76** *2023-Ongoing*
- **12th** - **NHSS, Thane** - Percentage: **94%** *2022-23*
- **10th** - **DAV Public School, Thane** - Percentage: **97.6%** *2020-21*

Technical Skills

- PostgreSQL
- MongoDB
- Firebase
- Tableau
- FastAPI
- Django
- Flutter
- NextJS
- MS Azure
- Python
- JAVA

Soft Skills

- Communication Skill
- Adaptive collaborator
- Problem-solving
- Creativity/Innovation
- Time Management

Achievements/Certifications

Co-Curricular:

- Research paper presented at **ICT4SD International Conference 2026**, Goa
- **Winner** - **Syrus Hackathon** 2026 (VESIT)
- **Top 5** - **Q-volution International Hackathon** 2026
- **Rank 2** - **Build-a-thon** 2026 (VESIT)
- **Winner** - **Hackquinox** 2.0 2026 - National Level
- **Winner** - **GDG TechSprint Hackathon** 2026
- **IBM-Coursera** Certification course on DevOps
- **Winner** - **GOLC International Award** 2026
- **Winner** - **Ideathon**-2025
- **Rank 3** - **Winter Internship** 2024-2025.

Extra-Curricular:

- 2nd Position in intra college music competition.
- Winner of 2 consecutive institute level music exam.
- Bronze medal in inter school band competition.
